Our Most Popular And Economical

A) Standard Coat Apron—Model SQR, ST, SV
Three Closure Options: (T) Ties, (QR) Quick-Release Buckle, (V) Hook and Loop

For sizing, protection, fabrics and custom options refer to pages 34-40.

B) Economy Coat Apron—Model E
Tie Closures

- Available in our Selection of Solid Color Vinyl (V), Nylon (NY) or Diamond Ripstop (DRS) See fabrics on pages 37-38.

Economy Aprons are now available in our wide selection of Diamond Ripstop (DRS) fabrics! See Page 37

• Standard Protection: 0.5mm Pb Equivalency
• Both Apron Styles Available for Immediate Shipment in Royal Blue Nylon (24” width x 32, 34, 36 & 38” lengths). Quantities subject to stock on hand.

Model SQR pictured
Be Back Smart...

C) Flex Back Apron—Model FB
Features elastic back panels for added comfort and support, with hook and loop fastening flaps that wrap around waist for an adjustable fit. Shoulder pads included.

- Standard Protection: 0.5mm Pb Equivalency
- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40

www.shieldingintl.com
E) BRX Back Relief Apron —Model BRX  
*Pictured with BRX Belt Option*  
The BRX Belt is a brace belt with a unique bionic system designed to help with lower back stress or strain by providing incredible support and comfort. The pulley system cinches the belt. The system and cords are backed by a lifetime warranty. The BRX belt can be adjusted for various body positions and is comfortable when worn outside our x-ray apparel *(may also be used with other apron styles).*

* Indicate proper belt size from size chart when ordering.  
• BR and BRX belt may also be ordered separately.
F) Surgical Drop Away Apron—Model SDA
Surgical Drop Away Apron offers top of the shoulder hook and loop fastening flaps for an adjustable fit. Features elastic back panels for added comfort and support. For quick removal, apron releases at shoulder and waist. Shoulder pads included.
H) Three Quarter Wrap Apron—Model TQW
Three Quarter Wrap Apron, especially designed for the fluoro field, features unique side wrap protection with adjustable elastic back panels and hook and loop fastening flaps that wrap around waist for added support and comfortable fit. Apron also includes adjustable padded shoulders.

• Optional QR Buckle Closure available—Model TQWQR

I) Additional Side Wrap
Apron Width
18-20 - 4” each side
22-24 - 5” each side
27 - 6” each side
For a Versatile Fit...

J) Versa-Adjustable—Model VA
Features two hook and loop fastening flaps at the waist, which aid in relieving weight off the shoulders. Its comfortable fit is attained by varying the position of the flaps. Shoulder pads included. Comes standard with hook and loop closure.

- Available with optional QR Buckle Closure as shown. Model VAQR

K) Adjust a Fit Apron—Model AF
Features two hook and loop fastening flaps at the waist, which aid in relieving weight off the shoulders and includes adjustable padded shoulders. Its comfortable fit is attained by varying the position of the flaps. Shoulder pads included.

- Available with optional QR Buckle Closure. Model AFQR

Shown with optional QR Buckle Closure

- Standard Protection: 0.5mm Pb Equivalency
- For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40
L) Fast Wrap—Model FW
Fast Wrap Apron offers both comfort and ease of wearing with single hook and loop fastener that wraps around the front. Adjustable back shoulder strap keeps apron snug. Shoulder pads included.

M) Uro-Apron—Model U
Designed for Urology, this apron features a unique tri-flap design for added comfort. Two hook and loop fastening flaps at the waist aid in relieving weight off the shoulders. Shoulder pads included.

• Standard Protection: 0.5mm Pb Equivalency
• For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40
Two Pieces to Lighten the Load

A) Full Overlap Vest Skirt—Model FOVS
Designed with two fully overlapping front panels, this vest and skirt combo reduces the weight by approximately 15% over our traditional and Adjust-A-Fit Vest Skirt Combos. Vest features hook and loop closure and shoulder pads for added comfort. For skirt description, refer to Model SO below.

B) Skirt—Model SO (when ordered separately)
Skirt wraps around and overlaps in the front, offering extra protection. Fits securely on hips with extra wide hook and loop fastener and 1” quick release* buckle for added support. Comes standard with large side pocket and hanging loops. *2” quick release buckle available upon request.

Interested in Non-Slip Skirt Backing?
See Custom Options page 40.
C) Adjust-A-Fit Vest Skirt—Model AFVS
Adjust-A-Fit Vest Features wrap around protection and adjustable padded shoulders from the arm hole to the top of the shoulder, enabling the user to adjust the vest to a more secure and comfortable fit. Because of the versatility in fit, it accommodates a wide range of wearers. For skirt description, refer to page 8.

D) Vest Skirt Combo—Model VS
Proud holders of the original design and patent. Our standard Vest features all around protection with overlap in the front, shoulder pads and three panel hook and loop closure.

E) Flex Back Vest Skirt--Model FBVS
Flex Back Vest features wrap around protection with flex back support and adjustable hook and loop flaps at the waist and shoulder for added comfort and support, especially during long procedures. Shoulder pads included. For skirt description, refer to page 8.

• For Sizing, Protection, Fabrics and Custom Options, refer to Pages 34-40
• Lighter weight protection options are recommended for all Vest Skirt models.
A) Wrap Around Apron—Model WA
Wrap Around Apron is designed for front and back protection. This apron features extra wide shoulders, distributing weight over a greater area to reduce fatigue and three panel hook and loop fastener. Shoulder pads included.

B) Wrap Around Back Relief Apron—Model WABR
Wrap Around Back Relief Apron offering the same features of our Wrap Around Apron, transfers the weight from the shoulders to the hips with the aid of a 6" wide elastic belt. Comes standard with BR Belt, which may be ordered to fit various sized individuals. Indicate belt size from size chart when ordering. Shoulder pads included. BR Belt may be ordered separately. (Model BR)

Looking for Extra Back Support?
Order with optional BRX Belt—Model WABRX
For more info, refer to page 3

* Lighter Weight Protection Options Recommended
C) Wrap Around Full Overlap Apron — Model WAFO
Designed with two fully overlapping front panels, this apron reduces the weight by approximately 15% over our traditional Wrap Around model. Features extra wide shoulders, hook and loop fastener and shoulder pads for added comfort.

D) Wrap Around Flex Back—Model WAFB
Features dual wrap elastic flex back with hook and loop side to front flaps while providing front and back protection for an adjustable and secure all around fit. Fits a wide range of sizes. Shoulder pads included.

(Not Pictured) Wrap Around Full Overlap Back Relief Apron – Model WAFOBR
Offering the same features of our Wrap Around Full Overlap Apron, this apron is approximately 15% lighter than our traditional Wrap Around Back Relief model and transfers the weight from the shoulders to the hips with the aid of a 6” wide elastic belt. Comes standard with BR Belt (see opposite page). Indicate belt size from size chart when ordering. BR Belt (Model BR) may also be ordered separately.

Looking for Extra Back Support? Order with optional BRX Belt – Model WAFOBRX (See page 3 for more information)
Buckle Aprons

A) QR Vest Skirt Combo—Model QRVS
Quick-Release Buckle Vest Skirt features 2” quick release buckles for closure at the chest and waist. Also includes 1” buckle closure at the shoulder for secure fastening. Shoulder pads included.

QR Skirt—Model QRSO (If ordered separately)
Quick-Release Buckle Skirt features a 1” quick release* buckle closure on the inside and overlaps and closes with a 2” quick release buckle on the outside. Includes a large side pocket and hanging loops. *2” quick release buckle available upon request.

Interested in non-slip backing? See custom options page 40

B) Wrap Around Quick-Release Apron—Model WAQR
Wrap Around Quick-Release Apron features extra wide shoulders, distributing weight over a greater area to reduce fatigue. Closing with 2” quick release buckles at the chest and waist and a 1” quick release buckle at the shoulder. Shoulder pads included.

• For Sizing, Protection, Fabrics and Custom Options, refer to pages 34-40
• Lighter weight protection options are recommended for both models.

www.shieldingintl.com
C) Half Apron

Half Apron is designed for front or back protection and is available with either Tie, Quick-Release Belt or Hook and Loop closure.

- Specify Closure next to P/N: (T) Ties, (V) Hook & Loop, (QR) Buckle
- In a hurry? In stock for immediate shipment: Royal Blue Nylon

E) Demi Rack — Model 830R

Sturdy metal rack is designed to hold set of four demi aprons using minimum wall space.
A) Panoramic Cape—Model 310
Panoramic Cape drapes over shoulders, shielding upper torso, front and back. Fastens in back with hook and loop closure. Overall:
Width 23” (58.4 cm) Length 25” (63.5 cm)

B) Panoramic Poncho—Model 300PP
Panoramic Poncho features full front and partial back radiologic protection during the panoramic dental exam. It also features hook and loop shoulder closures for quick application.
300PP: (Adult) Front 27” (68.6 cm) Back 16” (40.6 cm) Width 24” (61 cm)
300PPC: (Child) Front 12” (30.5 cm) Back 6” (15.2 cm) Width 23” (58.4 cm)

C) Full Pano Apron—Model 300FP
Full Pano Apron provides excellent front and back protection. Features hook and loop shoulder closure and ties for quick application.
Front/Back: Width 23” (58.4 cm) Length 26.5” (67.3 cm)

• Standard Protection: 0.3mm Pb Equivalency or select an Alternate Protection
• Protection, Fabrics and Custom Options, refer to Pages 35-40
Dental Protection

D) Kling-Kuver™—Model 300KK
Kling-Kuver™ Dental Patient Apron is designed for complete patient protection of the neck, throat, chest, shoulders and gonadal area. Single hook and loop collar closure with non slip back makes this apron fast and easy to use. Includes hanging loops.

- **300KK**: (Adult) Width 23.5” (59.7cm) Length 28” (71.1cm)
- **30KKC**: (Child) Width 20” (50.8cm) Length 20.5” (52cm)

E) Dental Tech Apron—Model 301
Dental Technologist Apron provides excellent dental staff radiologic protection. Ties provide for fast adjustment and a secure fit. Shown standing.

One Size: Width 24” (61cm) Length 37” (94cm)

F) Dental Patient Apron – Model 300 & 300C
Dental Patient Apron is easy to apply. Its non-slip backing keep apron firmly in position by actually “gripping” the patients clothing. No ties or fasteners involved. Available in adult and children sizes. Includes hanging loops.

- **300**: (Adult) Width 23” (58.4 cm) Length 26” (66 cm)
- **300C**: (Child) Width 19” (48.3 cm) Length 21” (53.3 cm)

G) Dental Thyroid Collar—Model 311NSL
Dental Thyroid Collar provides neck and thyroid protection during dental radiography. Fastens in back with hook and loop closure.

D) Combination Apron and Glove Holder—Model 820
Combination Apron and Glove Holder offers quick, convenient storage for an apron and a pair of gloves. Powder coat and chrome steel construction.
Dims. 27.75”W x 17”H (70.5 cm x 43.2 cm) Wt. 8.5 lbs (3.9 kg)

E) Multi-Apron Glove Rack—Model 821
Multi-Apron Glove Rack is ideal for storing multiple pairs of gloves and aprons. Also has convenient bar to hold thyroid collars. Mounts quickly and easily to any wall and requires a space only 19” wide. Powder coated heavy steel construction.
Dims. 19”W x 20”H (48.3 cm x 50.8 cm) Wt. 10 lbs (4.5 kg)
A) Valet Rack—Model 816
Valet Rack can hold up to 300 lbs of aprons and can fit into any budget. Equipped with heavy duty casters and 10 closed loop hangers, this unit is extremely mobile, allowing aprons, thyroid shield, etc. to be transported easily to workstations. Additional hangers Model 816H may be purchased separately.
Dims. 36.5”W x 22.5”D x 53”H (92.7 cm x 57.2 cm x 134.6 cm)
Wt. 36 lbs (16.3 kg)

B) Porta-Rak—Model 817
Porta-Rak is a totally mobile unit for up to 8 aprons and designed for where space is at a premium. Sturdy aluminum five leg base with nylon casters uses only 24” of floor space.
Dims. 24”W x 50”H (61 cm x 127 cm) Wt. 29 lbs (13.2 kg)

C) Mobile Swing Arm Apron Rack – Model 811M
Features steel construction with white powder coating and 10 individual chrome shoulder shape swing arms for easy apron access and hanging. Large locking casters for easy movement. Holds 10 aprons.
Dims: 22”W x 36”D x 53”H (55.9 cm x 91.4 cm x 134.6 cm) Wt. 48 lbs (21.8 kg)

F) Wall Mount Swing Arm Apron Rack—Model 811
Features 5 individual chrome shoulder shape swing arms that fold flush against the wall. Available in right and left folding models. Simply hang two models side-by-side for a 10 hanger wall console unit.
Right Folding 811R Dims. 27.5”W x 13”H (69.7 cm x 33 cm)
Left Folding 811L Dims. 27.5”W x 13”H (69.7 cm x 33 cm)
Wt. 10 lbs (4.5 kg)

G) Peg Racks—Model 813
Peg Racks are economical for the quick and easy storage of 1-4 aprons. Powder coated steel construction. Easy installation.
813 (Holds 1-4 Aprons) Dims. 24”x 4” (61 cm x 10.2 cm) Wt. 3 lbs (1.4 kg)
813-2 (Holds 1 Apron) Dims. 5”x 4” (12.7 cm x 10.2 cm) Wt. 1.5 lbs (680 g)

H) Closed Loop Hanger—Model 816H
Designed for use with the Valet Rack Model 816. Hanger is made of solid steel chrome plated construction.
Width 19” (48.3 cm)

I) Heavy Duty Chrome Hanger—Model 200H
Chrome plated, 3/16” steel hanger recommended to protect garments and increase product life. Apron hanger will hold up to 50 lbs (22.7 kg).
Width 21” (53.3 cm) Height 10” (25.4 cm)
A) Porta-Shield—Model 1001
Porta-Shield is ideal for patient protection during diagnostic procedures and features adjustable height from 36” to 60” (91.4 cm to 152.4 cm) with sturdy five leg base for stable mobility. Shield available in three sizes and covered in Royal Blue Nylon.

* In a hurry? In stock for immediate shipment!

B) Graduated Porta-Shield—Model 1002
Features seven leaf shield with graduated effect, it fits easily and comfortably over the patient and is perfect for cath lab use. Shield width is 25” (63.5 cm) and length of the longest panel is 28” (71.1 cm), decreasing in increments of 2” (5 cm). Adjustable from 40” to 64” (101.6 cm to 162.6 cm) in height. Covered in Royal Blue Nylon.

C) Non Graduated Porta-Shield—Model 1003
Seven leaf shield is ideal for general radiology, as well as fluoro applications. Shield width is 25” (63.5 cm) and length is 28” (71.1 cm). Adjustable from 40” to 64” (101.6 cm to 162.6 cm) in height. Covered in Royal Blue Nylon.

D) Adjustable Mobile Shield—Model 1901
Adjustable Mobile Shield is easily portable and ideal for shielding patients in such procedures as chest, skull and spine radiography. Includes beige anti-microbial weblon covering. Adjustable from 24” to 48” (61 cm to 121.9 cm) in height. Shield Width 24” (61 cm). Chrome frame.

*Standard Protection 0.5mm Pb Equivalency

E) Drape Lead Curtain—Model DLC
Drape Lead Curtains, ceiling mounted with optional curtain track, are an ideal and economical solution for temporary or permanent set-ups requiring radiation protection where a fixed, protective wall is not practical. Curtain sections easily hang and fasten together to cover large areas.

* Standard Protection .05mm Pb Equivalency
** Allow 2” (5 cm) overlap for multiple curtain panels.
Lead Vinyl Blockers

Coated Lead Vinyl Blockers feature a smooth sanitary, non-absorbent surface for easy cleaning and are stocked in a range of sizes. Available in 0.5mm and 1.0mm Pb lead equivalency. Color: Beige

X-Curtains

Shielding’s X-Curtains are manufactured specific to the needs of our customers’ exclusive cabinet x-ray system engineering, color and protection (lead Pb equivalency) level requirements.

- Standard X-Curtain (Model: XCURTAIN) features durable dual sided PVC vinyl outer covering impregnated with leaded vinyl.

- Shielding’s Specialty Curtain (Model: XCURTAIN/SC) features low coefficient outer coating with mesh scrim reinforcer impregnated with leaded vinyl, making this product preferable to applications that are processing lighter weight items (i.e., purses, wallets, jackets, etc.).

Features:

Lead Equivalencies: 0.25, 0.35, 0.5, 0.7 and 1.0mm, depending on level of protection and type of X-Curtain. Alternate equivalencies may be manufactured, but require a minimum. Outer Covering: Model XCURTAIN available in black, charcoal grey or beige. Model XCURTAIN/SC in black only.

Dimensions: Available in sheet size (48” x 96” / 121.9 cm x 243.8 cm) or custom die cut to your engineering specification.
A) **CT Breast Shields** offer up to a 57% reduction of radiation exposure during CT scan without significant changes in image quality, including artifacts and beam hardening effects. Shield consists of a thin (1mm) piece of bismuth impregnated synthetic rubber covering that mounts firmly on an offset quarter inch foam base. Designed for multiple uses. Available in Adult and Pediatric sizes.

**Table Scatter Shield—Model TSS-Custom**
Custom table scatter shield features a dual or single sided saddle back design, allowing a secure fit to any style imaging table. The overlapping paneled shields are secured to a padded surface that simply drape over the tabletop, beneath the mattress. Single sided shields include self adhesive hook and loop for securing to table.

- Pleated lead panels enable staff and c-arm mobility
- Customized to specific table dimensions, panel lengths, or to include table end flaps
- Constructed of 0.5mm Pb equivalent panels
- Select from our wide range of solid color nylons, or our durable anti-microbial healthcare weblon coverings.

**Scatter Panel Shields – Model SPS-Custom**
Scatter Panel Shield replacements for various OEM fluoro table shield assemblies.

- Customizable to Specific Panel Size
- Constructed of 0.5mm Pb Equivalent Panels
- Select from Our Durable Anti-Microbial Healthcare Weblon Coverings.
Mobile Barriers

Regular and Jumbo Clear Pb Barriers

Clear Pb Acrylic Mobile X-Ray Barriers feature optically clear and shatter resistant lead acrylic windows. Available in Regular and Jumbo size, as well as a variety of sizes for shielding 1, 2 or more people. Opaque lower panels finished in beige. Attractive, durable, easy to assemble and maneuver.

In a hurry? Above models in stock for immediate shipment. Subject to stock on hand.

Mobile Screens

Mobile floor screens feature 1.0mm Pb equivalent virgin lead lining, framed with heavy metal channeling, heavy-duty stainless steel legs and locking casters to ensure stability. Lead glass window has a minimum 2.0mm lead equivalent protection and is positioned with center of view 5’3” (160cm) up from finished floor. Plastic laminate skins covered in beige or grey. Screens and windows available in additional sizes.

Leaded Windows and Frames

**Leaded Glass Windows** are made of high quality optical grade material, offering excellent radiation protection and superb visual clarity. Available in custom sizes up to 48” x 96". *(LG = Lead Glass). For cost effectiveness, refer to standard sizes in chart at bottom of page.

<table>
<thead>
<tr>

</tbody>
</table>

**Leaded Acrylic Windows** feature 0.3mm or 0.5mm lead equivalency, as well as alternate equivalencies up to 2.0mm. Refer to chart for stock sizes. *(LA = Lead Acrylic). Custom sizes also available.

**Telescopic Lead Frames** are manufactured for ease of installation in rough opening after wallboard is installed. Constructed from 16 gauge “JETCOAT” (HGDS) steel for rust resistance with paintable surface and fully lined with 1/16” lead lining. Adjusts for walls 4-1/4” (10.8 cm) to 7” (17.8 cm) thick. Fits into rough opening of 1” larger than glass size. *(LF = Lead Frame).

DESIGNER FABRICS (DF) (Continued)

DIAMOND RIPSTOP (DRS)

Fabric and binding colors are approximate representations of actual colors/patterns available. Economy aprons (Model E) are available in Vinyl (V), Nylon (NY) or Diamond Ripstop (DRS) only. Diamond Ripstop (DRS) and Designer Fabrics (DF) feature a black nylon inside cover and black binding. Weblon (W) aprons feature a black or corresponding inside nylon cover. Black binding is standard on most apparel, except for royal binding on royal nylon and light blue vinyl, unless otherwise indicated from binding selection at time of order. Two tone coverings subject to up charge. To avoid snagging or tearing of fabric, all hook and loop fasteners must be secured properly.

Manufacturing and Delivery Time:
Stock SHIELDING INTERNATIONAL™ products ordered with select stock coverings and closures will usually be shipped within 24-48 hours of order receipt. These items include Economy & Standard Aprons, Half & Demi Aprons, Thyroid Collars, Gonad Shields, Gloves, Apron Racks, Mobile Shields, CT Shields, Non Rx Glasses and other select items. We will make every effort to ship all other custom made orders, with exception of high volume and special orders (ie., prescription glasses, lead or acrylic glass or frames and barriers) within 10 to 12 working days of confirmed order.

• Need it in a rush? SHIELDING INTERNATIONAL™ offers a 3-day RUSH SERVICE for 15% on total cost of order or a 5 day RUSH SERVICE for 10% of the total cost. (min. $10.00 rush fee per order). Contact us regarding large quantity rush orders to verify this service.

Shipping:
Orders are normally shipped with a leading major transportation carrier via ground service, unless otherwise specified, and ship F.O.B. Madras, Oregon or from a predetermined special order location(s).

• IMPORTANT: Be sure to inspect all merchandise at time of delivery, report any damage immediately, note any discrepancies on the Bill of Lading (if applicable) and RETAIN ALL PACKAGING MATERIAL (whether damage is visible or concealed) in the event a claim is filed due to shipping damage.

Apron Care & Guidelines:
To maintain safe performance, as well as keep your x-ray apparel looking good for many years to come, SHIELDING INTERNATIONAL™ strongly recommends that each garment be thoroughly inspected upon receipt and at regular intervals, as well as properly stored when not in use. Each piece of SHIELDING INTERNATIONAL™ apparel is accompanied by an Apron Care & Guideline sheet for guidance in inspection and proper care of our products.

• STORAGE: Don’t fold, crease, drape or sit down in your SHIELDING garments. We strongly recommend that our aprons be hung on a SHIELDING heavy duty chrome hanger (Item# 200H) or equivalent, not on a hook.
• Hook and loop closures must be secured properly to avoid snagging or tearing of fabric. Always store apron with hook and loop closed.

Failure to properly care for your apron may result in harm to the apron, as well as void its warranty.

Guarantee & Warranty Disclaimer
SHIELDING INTERNATIONAL™ warrants all Regular Lead and TL Lite Ply x-ray protective aprons from material defects and workmanship for a period of (2) years from date of purchase. (Non Lead aprons are limited to a 1 year warranty.) This guarantee is limited to the repair or replacement of the garment in case of manufacturer defect. The guarantee does not cover normal wear and tear, failure to properly care for the product, or any other responsibility.

Apron Recycling Program:
Take advantage of SHIELDING INTERNATIONAL™’s free apron recycling program for the return/recycle of your retired lead aprons! Simply contact us for a return authorization to arrange for the recycling of your old aprons. All you pay is the freight and SHIELDING INTERNATIONAL™ will assure the safe and environmentally friendly disposal of your old lead aprons.
